

NUPOLAR[®]

polarized lenses

BROWN/AMBER LENS

A Brown or Amber sunglass lens is ideal for your activities and needs.

Brown or Amber sunglass lenses will enhance your vision by:

- Providing additional contrast and depth perception
- Highlighting green and red colours
- Reducing glare in sunny conditions
- Performing well in shady or overcast conditions
- Enhancing the judgement of distance

Even better, a **polarized Brown** lens provides the additional enhancements to your vision:

- Blocks dangerous and uncomfortable blinding glare
- Delivers greater depth perception
- Substantially enhances contrast
- Provides more precise and detailed vision
- Colours are more vibrant

If you require vision correction and need a prescription sunglass lens, ask your optometrist about NuPolar polarized lenses.

NuPolar are the most recommended polarized prescription lenses by eye-care professionals. NuPolar is trusted to deliver long lasting quality to wearers, provides 100% UV blockage, and delivers exceptional and vibrant outdoor vision.

BROWN LENS STYLES

NUPOLAR[®]
solid

Brown

NuPolar solid polarized lenses are an even and solid colour over the entire lens and provide 100% UV blockage.
